The current projected schedule for Chromium Metal BOA sales is:

**Monthly, Fourth Tuesday of the Month by 11:30 AM: Posting of Notice (Sale Offering/No Sale)
Wednesday, following the Posting by 2:30 PM: Quotes are Due (If a sale offering was posted the

The first potential posting date is Tuesday, April 26, 2011, subject to approval of the AMP and market conditions. Only pre-qualified quoters will be eligible to participate. Once the BOA postings have begun, please plan to visit the website monthly, on the fourth Tuesday of the month after 11:30 AM to check for sales offerings. **This will be the only formal, regular notice that will be issued.**

A press release will be issued and posted to the website at the beginning of the month after the offering. No bid abstract will be sent or posted for each sale.

You are invited to begin the process to establish a BOA for your firm by submitting required documents as identified in Section B on page 9 and Section I on page 36 of the solicitation. Financial documents required and identified in Section B on page 9 must also be submitted. The BOA will be open continuously; however, submissions in response to this initial publication are requested at your earliest opportunity. PART I – THE SCHEDULE

SECTION A – AGREEMENT/CONTRACT FORM

A.1 Introduction (MAR 11)

- a. The Defense Logistics Agency (DLA), DLA Strategic Materials, is soliciting quotes for the sale of chromium metal (aluminothermic/exothermic and electrolytic) in Fiscal Year 2011. The sale of material under this Solicitation is dependent upon approval of the FY 2011 Annual Materials Plan (AMP). In future fiscal years, offerings will be dependent upon sales authority for the commodity in those years and market conditions.
- b. The first potential posting date under this Basic Ordering Agreement (BOA) Solicitation DLA-CHROMIUM METAL-004, is **April 26, 2011**, subject to approval of the AMP and market conditions. This BOA supersedes DLA-CHROMIUM METAL-003. There will be no further offerings under DLA-CHROMIUM METAL-003.
- c. Delivery of the chromium metal is F.O.B. carrier's conveyance. See Sections **F.1.d.** and **F.1.e.** of this Solicitation.
- d. DLA Strategic Materials has the sole discretion to determine whether to award a BOA pursuant to this Solicitation. DLA Strategic Materials may award one or multiple BOAs; alternatively, it may also decide not to award at all.

A.2 Basic Ordering Agreement (BOA) and Contract (MAR 11)

- a. The terms and conditions of this BOA shall be incorporated in any resulting contract, unless otherwise specified in the Acceptance Letter or the **Section I.1 Quote/Award Form**.
- b. Contracts awarded under this BOA shall be fixed price. Contracts may be awarded pursuant to a Request for Quotes.
- c. An executed **Section I.1 Quote/Award Form**, signed by a Contracting Officer, together with this BOA and the Acceptance Letter shall constitute the contract.

A.3 Web Page (MAR 11)

- a. All requests for Quotes under this BOA shall be posted on the DLA Strategic Materials Website (<https://www.dnsc.dla.mil>) on the **fourth Tuesday of each month, by 11:30 a.m.**, local time, Fort Belvoir, VA. Quoters shall check the website to determine if DLA Strategic Materials is soliciting Quotes for the month by clicking on the "Chromium Metal" link under the BOA Sales heading on the website homepage.

- b. While Quoters must check the website to determine if DLA Strategic Materials is soliciting Quotes, DLA Strategic Materials will send email notifications when new solicitations or amendments are issued. Quoters that are not already receiving such notices should notify DLA Strategic Materials Contracting at (703) 767-6500 or click on the mailbox on the website (<https://www.dnsc.dla.mil>) to send an email request to DNSCCustomerService@dla.mil to be added to the email notification list for chromium metal.

A.4 Material Description (MAR 11)

- a. A description of the material offered for sale is provided in Sections **I.2** and **J.1** of the Solicitation. Additional information on the storage locations is shown in Section **J.2**. The information for Sections **I.2**, **J.1**, and **J.2** will be posted on the DLA Strategic Materials Website (<https://www.dnsc.dla.mil>). For Sections **I.2** and **J.1**, see the information under the Commodities tab and click on the links under “View Current Chromium Metal (Aluminothermic/Exothermic and Electrolytic) Material Available for Sale” and “View Current Analysis for Chromium Metal Material Available for Sale,” respectively. For Section **J.2**, information on storage locations for chromium metal may be found on the Website by clicking on the “Depot Locations” link.
- b. Government analyses indicate that the material conforms to the data listed in Sections **I.2** and **J.1**, and as posted under the Commodities tab and elsewhere on the DLA Strategic Materials Website; however, no warranty or guarantee is made that the material so conforms or that it will be suitable for any particular purpose.

A.5 Financial Exposure Limit (MAR 11)

- a. The DLA Strategic Materials will establish a financial exposure limit (maximum level of business DLA Strategic Materials intends to allow) for each Quoter. The financial exposure limit shall be determined based upon the following:
 - (1) Financial Position of the Quoter
 - (2) Past Performance
 - (3) References (Suppliers, Financial Institutions)
 - (4) Credit Reports
- b. If the Contractor reaches its financial exposure limit, DLA Strategic Materials, solely at its discretion, may determine to make no subsequent awards to the firm until such time as the Contractor satisfactorily performs existing contracts or DLA Strategic Materials increases the exposure limit.
- c. All contracts awarded to a Contractor by DLA Strategic Materials will be applied against the Contractor’s financial exposure limit.

- d. DLA Strategic Materials may decide to make an award to a Quoter without the prior establishment of a financial exposure limit *only if* the Contracting Officer determines that the award is in the best interest of the Government and that waiting for the establishment of the financial exposure limit would unduly delay the sale.

A.6 Inspection (MAR 11)

- a. One drum each from four (4) separate lots will be available for inspection and sampling. Quoters or their designees may, at their expense, inspect the drums and take a grab sample, not to exceed two (2) pounds from each drum. The sample will be provided in the presence of and under the direction of a DLA Strategic Materials representative.
- b. The Government does not warrant any grab samples to be representative of the lots sampled.
- c. Requests for an appointment to inspect and/or to sample the material must be made in writing or by facsimile submission on company letterhead to the following:

Mr. Gary Porter
Chief, Operations and Logistics Division
DLA Strategic Materials
8725 John J. Kingman Road, Suite 3229
Fort Belvoir, VA 22060-6223
Facsimile: (703) 767-7608

Requests shall include the name and title of each individual wishing to inspect the material and/or to obtain samples. Quoters will be notified by telephone of the date the material will be available for inspection and/or sampling. The Government reserves the right to limit the number of individuals granted access to the depot.

- d. Quoters, their agents and representatives shall comply at all times with the rules of the storage location.

A.7 Foreign Trade Regulations (MAR 11)

- a. The Contractor shall determine any export license requirements, obtain any export license or other official authorization required for export, and carry out any U.S. Customs formalities for the export of any material awarded as a result of this Basic Ordering Agreement.
- b. The Contractor shall comply with United States Bureau of the Census, Department of Commerce, Foreign Trade Regulations and Export Administration Regulations as set forth in 15 CFR Parts 30 and 732 (latest editions).

- c. The Contractor shall comply with the requirements set forth in 15 CFR 30 regarding filing of electronic export information (EEI).
- d. DLA Strategic Materials shall not be named as the United States Principal Party in Interest (USPPI). DLA Strategic Materials will not execute any Shipper's Export Declaration or file any EEI through the Automated Export System (AES) or AESDirect required by the Foreign Trade Regulations.

A.8 Wood Packaging Materials Requirements (JUN 06)

Wood packaging materials utilized in the storage and shipment of National Defense Stockpile materials, including, but not limited to, pallets, boxes, kegs, and dunnage lumber, do not meet the requirements of U.S. Department of Agriculture Regulations at 7 CFR 319.40 or International Standards for Phytosanitary Measures (ISPM) 15, "Guidelines for Regulating Wood Packaging Materials in International Trade." Stockpile wood packaging materials have not been heat treated or fumigated with methyl bromide and are not marked to indicate that they meet the requirements of these regulations and standards. As a result, it may not be possible to export or import these wood packaging materials.

END OF SECTION A

Fax: (703) 767-5484 or (703) 767-5494
4. Quoters shall submit copies of the most recent income statement, balance sheet, and list of credit references for the company and any other documentation that will verify the financial level of business transactions.

6. The Government will evaluate the documentation to determine whether or not the Quoter is considered responsible and eligible for award. Quoters will not be pre-qualified unless the Contracting Officer makes an affirmative determination of responsibility.
7. To be determined responsible and eligible for an award, Quoters shall have adequate financial resources, a satisfactory performance record with DLA Strategic Materials, and a satisfactory record of integrity and ethics. For example, a Quoter may be determined to be non-responsible and therefore ineligible to submit Quotes under this BOA, or the BOA may be terminated, if there is a record of poor payment (e.g., payments made with insufficient funds) or poor performance (e.g., failure to pay for or remove material on time) on any of a Quoter's contracts. In addition to looking at past performance, DLA Strategic Materials will also review the financial statements

and references submitted by the Quoter, as well as the current Dun & Bradstreet report and any other credit reports.

8. If the Contracting Officer determines that the Quoter is responsible, the Contracting Officer will sign the BOA (see page 2) and return one copy to the Quoter. The Contracting Officer will also transmit an Acceptance Letter that will set forth the financial exposure limit and identify whether or not any specially requested terms have been granted.
9. The Quoter will not be eligible to submit Quotes until receipt of the BOA and the Acceptance Letter—both signed by the Contracting Officer.
10. DLA Strategic Materials may require the Contractor to submit updated information at any time during the BOA period.
11. The term of the BOA shall be for one year unless the BOA is withdrawn by the Government or superseded by another BOA before that time. The Contracting Officer shall specify the BOA period at the time the BOA is executed by the Government. Quoters shall be required to re-qualify prior to the end of the BOA period.

The minimum quote quantity shall be one entire line item unless otherwise stated on the DLA Strategic Materials Website. A quote for less than the minimum quantity will be considered nonresponsive and ineligible for award.

C.6 Late Submissions, Modifications, and Withdrawals of Quotes (MAR 11)

- a. Any Quote received at the office designated in the BOA Solicitation after the exact time specified for receipt of Quotes will not be considered unless it is received before award is made and –
- (1) There is acceptable evidence to establish that it was received at the activity designated for receipt of Quotes and was under the Government's control prior to the time set for receipt of Quotes, and the Contracting Officer determines that accepting the late Quote would not unduly delay the sale; or
 - (2) It is the only Quote received.

- b. Any modification to a Quote, including a modification resulting from the Contracting Officer's request for confirmation, is subject to the same conditions stated in subparagraph a. of this provision.
- c. The only acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of the facsimile machine, the time/date stamp on the online submission, or oral testimony or statement of Government personnel.
- d. Notwithstanding paragraph a. of this provision, a late modification of an otherwise successful Quote that makes its terms more favorable to the Government will be considered if it is received at any time prior to award and may be accepted.
- e. If an emergency or unanticipated event interrupts normal Government processes so that Quotes cannot be received at the office designated for receipt of Quotes by the exact time specified in the offering and the Government is unable to provide timely notice of an extension of the time set for receipt of Quotes, the time set for receipt of Quotes for that day will be deemed to be extended to the same time on the next DLA Strategic Materials business day.
- f. Quotes may be withdrawn by written notice received at any time before the exact time set for receipt of Quotes. Facsimile withdrawals of Quotes may be submitted and will be accepted at any time before the exact time set for receipt of Quotes, subject to the conditions specified in Section C.7 Facsimile Submissions. A Quote may be withdrawn in person by a Quoter or its authorized representative if, before the exact time set for receipt of Quotes, the identity of the person requesting withdrawal is established and the person signs a receipt for the Quote.

C.7 Facsimile Submissions (JUN 99)

Facsimile Quotes and modifications will be accepted any time prior to the exact time set for receipt of Quotes. Facsimile withdrawals will be accepted any time before the time set for receipt of Quotes. **Quoters must submit Quotes to facsimile number (703) 767-5541.**

- a. Definition: "Facsimile submission," as used in this Solicitation, means a written Quote, modification of a Quote, or withdrawal of a Quote that is transmitted to and received by the Government via electronic equipment that communicates and reproduces both printed and handwritten material.
- b. Quoters may submit facsimile submissions as responses to this Solicitation. These responses must arrive at the place, and by the time, specified in the Solicitation.
- c. Facsimile submissions that fail to furnish required information, that reject any of the terms, conditions, and provisions of the Solicitation, that contain garbled information, or are otherwise incomplete, may be excluded from consideration.

- d.** Facsimile submissions must contain the required signatures.
- e.** The Government reserves the right to make award solely on the facsimile submission. However, if requested to do so by the Contracting Officer, the apparently successful Quoter agrees to promptly submit the complete original signed submission.
- f.** The Government will not be responsible for any failure attributable to the transmission or receipt of the facsimile submission including, but not limited to, the following:
 - (1) Receipt of garbled or incomplete submission.
 - (2) Availability or condition of the receiving facsimile equipment.
 - (3) Incompatibility between the sending and receiving equipment.
 - (4) Delay in transmission or receipt of submission.

 - (2) Waive any informalities and minor irregularities in a Quote;
 - (3) Award a quantity less than the quantity quoted at the unit price quoted; and
 - (4) Accept any one item or group of items in a Quote, as may be in the best interest of the Government.
- b.** Quoters may submit multiple Quotes for multiple quantities at various unit prices and may specify a maximum quantity.

C.9 Responsiveness of Quotes (MAR 11)

- a.** To be considered for contract award, Quotes must be responsive. A responsive Quote is one that **fully complies** with the terms of the BOA and in which the intent of the Quoter is clear on its face.
- b.** A Quote must clearly state the unit price (fixed price only) for each line item.
- c.** Any Quote that requires the Government to exercise judgment with respect to quantity or price will render the Quote nonresponsive and ineligible for award. For example, failure to fill in the unit price for **each** line item on the Quote/Award Form for which a Quote is submitted may render the Quote(s) nonresponsive and ineligible for award.
- d.** Any Quote submitted for less than the minimum quantity set forth in Section **C.5** shall be rendered nonresponsive.
- e.** Any Quote that does not include Section **I.1 Award/Quote Form** fully executed (filled out and signed) will be rendered nonresponsive unless:
 - (1) The Quoter accepts all terms and conditions of the BOA; and
 - (2) Award on the Quote would result in a binding contract with terms and conditions that do not vary from the terms and conditions of the BOA.
- f.** Quotes that reject, modify or add terms, conditions or provisions shall render the Quote nonresponsive and ineligible for award.

C.10 Evaluation of Quotes (JUN 99)

- a.** Quotes will be evaluated on the basis of prices offered as may be adjusted by any special terms previously negotiated.
- b.** To participate in sales and be considered for award, Quoters must be pre-qualified in accordance with Section **B**.

C.11 Tie Quote Procedures (JUN 99)

In the event that quotes of an equal unit price are received for the same quantity of material, lots will be drawn to determine the successful Quoter for the material.

C.12 Contract Award (MAR 11)

A written award signed by the Contracting Officer and furnished to the successful Quoter(s) within two business days of the time set for receipt of Quotes, as specified in Section **C.1**, paragraph **h.**, shall result in a binding contract incorporating all the terms and conditions of the BOA unless otherwise stated in the executed Section **I.1 Quote/Award Form**.

C.13 Unsuccessful Quoters (JUN 99)

The Contract Specialist will notify unsuccessful Quoters telephonically at the earliest practicable time.

- b. *All payments* shall be made *only* by wire transfer (Fedwire for domestic, within U.S. wire payment; or International wire transfer for wire payments from outside the U.S.). This includes payments for material, adjustments for variations in quantity or weight of material shipped, storage charges, interest, penalty charges, administrative charges, or any other charges. If attempted payments are made by check, the payment will be returned to the sender. The Contractor will incur charges if payments are delinquent.
- c. Payment by wire transfer (Fedwire or International).
 - (1) Wire transfer payment shall be made in accordance with instructions in **Section J.5**. Fees for wire transfers are the responsibility of the Contractor. Payment shall be accompanied by **identifying information including the contract number; modification number (if applicable); invoice number (if applicable); and the name of the material purchased.**
 - (2) If wire transfer payment is not made in accordance with the instructions in **Section J.5** or if identifying information is not provided, shipment of material may be delayed by up to one week, the wire transfer may be returned to the sender or a Contractor may incur charges if payments are delinquent.
- d. Invoices issued for adjustments for variations in quantity or weight, storage charges, interest, penalty charges, or administrative charges shall be paid promptly.
- e. If payment is not made in full within 30 calendar days of issuance of an invoice as specified in **D.1.d.**, the Contractor will be considered delinquent and any outstanding charges will be reduced by any subsequent payments. No material will be released until all delinquent charges are paid. (See Sections **F.1.a.** and **G.13.**)

D.2 Payment Due Date (OCT 05)

- a. Payment will be made before shipment of material and before the end of the contract period specified in the executed **Section I.1 Quote/Award Form**. If payment is not received by 2:00 p.m., local time Fort Belvoir, VA, on the payment due date, payment will not be credited until the next Government business day. Interest and penalty charges will accrue accordingly.
- b. In the event the payment due date falls on a Saturday, Sunday, or Federal holiday, then the payment due date will be extended to the next Government business day.

D.3 Interest (AUG 09)

- a.** All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid at the Prompt Payment interest rate. The Prompt Payment interest rate shall be the interest rate established by the Secretary of the Treasury as provided by 41 U.S.C. § 611 and Public Law 92-41. The rate can be found in the Federal Register and is applicable to the period in which the amount becomes due, as provided in paragraph **b.**, below.
- b.** Amounts shall be due at the earliest of the following dates:
 - (1) The final day of the contract period specified in Section **I.1 Quote/Award Form** (with or without the issuance of an invoice by the Government); or
 - (2) The date of the first written demand for payment under the contract, including any demand resulting from a default termination, unless paid within 30 days of becoming due.

D.4 Penalty and Administrative Charges (MAY 04)

In addition to interest charges specified in Section **D.3**, above, a penalty charge of 6 percent per annum shall be assessed on any debt principal that is delinquent more than 90 calendar days. Penalty charges shall accrue from the date the principal amount due becomes delinquent until paid. Additional administrative charges may be assessed, if needed. Administrative charges relate only to delinquent debts and will be assessed to cover expenses incurred by the Government in the recovery of such debts.

END OF SECTION D

SECTION E – MATERIAL REMOVAL

E.1 Removal of Material (AUG 09)

- a.** The contract period for any quantity of material awarded is **30 calendar days** from the date of contract award.
- b.** If the Contractor fails to pay for and remove the material on or before the last day of the contract period, the Contractor will be considered delinquent and no material will be shipped until payment for all remaining material has been received.
- c.** The contract period includes Saturdays, Sundays, and Federal holidays. If the last day of the contract period is a Saturday, Sunday, or Federal holiday, or the storage location is otherwise closed that day, the period of contract performance will be extended to the next Government workday.

E.2 Storage Charges (JUL 97)

- a.** Storage charges shall be assessed on all material remaining after the last day of the contract period. The Government reserves the right to remove any remaining material to a commercial storage facility and be reimbursed by the Contractor for any expenses incurred. Storage charges continue to accrue until all the material has been removed or the contract is terminated for default, in which case the Contractor will be liable for damages, as set forth in Section **G.8 Default** of the Solicitation.
- b.** The storage charge is the greater of the following: (1) **\$0.005 per pound bulk weight** (if a fraction of a pound remains, the charge will be for a full pound) per 30 day period regardless of whether the material remains in storage a period of 30 days or less than 30 days; or (2) commercial storage charges, if applicable.
- c.** Storage charges will be invoiced upon shipment. Payment shall be made promptly.
- d.** Payment of storage charges shall not relieve the Contractor of its obligation to remove the material in a timely manner. Acceptance of storage payments by the Government is not a waiver of the Government's right to default the Contractor for failure to remove the material (See Section **G.8 Default**).

END OF SECTION E

SECTION F – SHIPPING

F.1 Request for Shipment (MAR 11)

- a.** Delivery is F.O.B. carrier's conveyance. Simultaneously, the Contractor shall submit shipping instructions to the Contracting Officer, by completing and faxing the form in **Section J.3 Shipping Instructions**. The Government will only accept shipping instructions from those individuals designated in **Section I.6, Persons Authorized to Request Shipment of Material**. **No material will be shipped under the provisions of this contract or any other contract the Contractor has with DLA Strategic Materials until all outstanding delinquent charges and payments have been satisfied.**

Information regarding Government commitments may be obtained from the address specified in Section **J.2**.
- d.** Outloading will be accomplished by truck. The Government will provide lumber and nails from available depot stock, if requested by the Contractor's designee/driver. The Contractor's designee shall perform any necessary procedure(s) to ensure cargo is safely secured prior to leaving the depot. The Government will **not** block, chock, brace, lash, band, or in any manner secure the cargo on the Contractor's conveyance(s). The designee shall witness the loading. Any expenses over and above those normally incurred by the Government to meet the public carrier's requirements for loading like materials will be at the expense of the Contractor.
- e.** The Contractor, its agents and employees shall comply with all applicable rules at the storage depot; Federal, state and local load limitations; and all safety, health,

and environmental requirements, including the Environmental Safety and Occupational Health Policy of DLA Strategic Materials. See also Section **F.7 Environmental Policy (MAR 11)**.

F.2 Insurance Requirements (DEC 07)

The Contractor shall procure and maintain, and require any subcontractor to procure and maintain, during the entire period of performance under this contract, such insurance as stipulated herein.

- a.** Workers' compensation and employer's liability. The Contractor is required to comply with applicable Federal and State workers' compensation and occupational disease statutes. Employer's liability coverage of at least \$100,000 is required, except in States with exclusive or monopolistic funds that do not permit workers' compensation to be written by private carriers.
- b.** General liability. Bodily injury liability insurance coverage written on the comprehensive form of policy of at least \$500,000 per occurrence.
- c.** Automobile liability insurance written on the comprehensive form of policy is required. The policy shall provide for bodily injury and property damage liability covering the operation of all motor vehicles used in connection with performing the contract. Policies covering motor vehicles operated in the United States shall provide coverage of at least \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage. The amount of liability coverage on other policies shall be commensurate with any legal requirements of the locality and sufficient to meet normal and customary claims.

F.3 Outloading/Weighing (APR 02)

- b.** Weight certificates shall be provided at the expense of the Government.
- c.** In the event that any broken containers are detected at time of shipment, these will be overpackaged by the Government at the Government's expense prior to outloading. If no loss is discernible, the weight of record with the Government shall govern for that item and shall be final for payment.

F.4 Weight Discrepancy (JAN 95)

- a.** If the Contractor's weights for the material delivered vary from the Government's certified weights by more than one-half of one percent, the Contractor may give notice of such difference to the Contracting Officer within **two (2)** working days (exclusive of Saturdays, Sundays, and Government holidays) after receipt of the material at destination, requesting that the material be reweighed. In that case, the Contractor shall segregate the shipment in question and hold it intact pending reweighing. The entire shipment shall be reweighed by the Contractor at its expense, in the presence of and in the manner approved by a Government representative, using scales approved by the Government representative. If the weight varies from the Government's certified weight by greater than one-fourth of one percent, plus or minus, that weight shall govern for payment purposes. If the weight determined by reweighing does not vary from the Government's certified weight by greater than one-fourth of one percent, plus or minus, the Government's certified weight shall be final for payment purposes.
- b.** No adjustment shall be considered or made in accordance with the above paragraph unless notice is given by the Contractor to the Contracting Officer within the time specified above and all other requirements of the paragraph are complied with.

F.5 Assumption of Risk and Disclaimer of Liability (JAN 02)

The Contractor, its assigns or agents, assumes full responsibility for all injury or damage to persons or property occasioned by or occurring in connection with, or incident to any use or possession of, this material by the Contractor, Contractor's employees, or any person subject to the Contractor's control. The Government assumes no liability for any damages to the property of the Contractor, any other person or property, or any personal injury, illness, disability or death to the Contractor, Contractor's employees or any other person subject to Contractor's control, or for any other consequential damages arising from or incident to the purchase, use, loading, processing, disposition, or any subsequent operation

performed upon, exposure to or contact with any component, part, constituent or ingredient of this item, material or substance.

F.6 Adjustment for Variation in Quantity or Weight (MAR 11)

The Government reserves the right to vary the quantity or weight delivered by **2%** from the quantity or weight listed in the contract and the Contractor agrees to accept delivery of any quantity or weight within these limits. The contract price will be adjusted upward or downward in accordance with the unit price and on the basis of the quantity or weight actually delivered.

F.7 Environmental Policy (MAR 11)

The Contractor, its agents and employees shall comply with the Environmental Safety and Occupational Health Policy of DLA Strategic Materials while on storage facilities where stockpile material is stored. The Contractor shall review information on the DLA Strategic Materials Environmental Safety and Occupational Health Policy on the DLA Strategic Materials Website at <https://www.dnsc.dla.mil/iamthekey>. The DLA Strategic Materials Environmental Safety and Occupational Health Policy may be found in Interpretive Guidance Document 1001, Environmental, Safety and Occupational Health Policy, Section 2.1. Contractors shall also review the policy statement for the DLA Strategic Materials Environmental, Safety and Occupational Health Management System (ESOHMS) and each depot's ESOHMS Orientation Guide for Contractors and Visitors. All documentation is available on the DLA Strategic Materials website.

F.8 Environmental Protection (MAR 11)

a. Transportation Requirements

- (1) The transportation of hazardous material is governed by Department of Transportation (DOT) Hazardous Materials Regulations (Title 49 Code of Federal Regulations, Parts 170-189). If the material being transported is covered by DOT Regulations, the Contractor or its agent is responsible for certifying to DOT that hazardous materials are properly classified, described, packaged, marked, and labeled and are in a condition safe to transport based on the Contractor's or its agent's own examination of the material. (See especially 49 CFR 173.7(a) (1).)
- (2) The Government reserves the right to conduct reasonable inspection of the Contractor's or its agent's transportation conveyances or other equipment utilized to effect removal of the material purchased under this BOA. Inspection may occur prior to, during, or subsequent to removal of the material from Government storage locations. The Contractor or its agent shall provide Government representatives with access and any reasonable assistance required to conduct this inspection.

b. Material Safety Data Sheets

- (1) Quoters are warned that unprotected exposure to hazardous substances, hazardous materials and hazardous chemicals may significantly increase the risk of health problems. The Contractor shall comply with all applicable Occupational Safety and Health Administration (OSHA) and any other Federal, state or local laws, codes, ordinances, and regulations (including obtaining any required licenses or permits) governing exposure to, and storage, handling, transportation, and disposition of, this material.
- (2) Material Safety Data Sheets as required by OSHA Hazard Communication Standard - 29 CFR 1910.1200 are incorporated herein. (See Section **J.4.**) This data provides specific toxicity and health related data for the protection of human health and the environment. Quoters should review this information carefully. It is the responsibility of the Contractor to further communicate this information to the distributor, manufacturer, user and/or transporter of this material as may be required by Federal regulations.
- (3) Quoters shall also refer to 29 CFR 1910 Occupational Safety and Health Standards, specifically sections 1910.1000 through 1050. These occupational standards set standards for permissible exposures, methods of compliance, personal protective equipment, and other measures that must be taken when working with, or in proximity to, hazardous materials, chemicals and substances in the United States and its territories and possessions.

c. Use and Disposition

- (1) The Contractor certifies that it shall use and ultimately dispose of any hazardous material purchased under this BOA in accordance with all applicable Federal, state, local and international laws and regulations and in a manner safe for the public and the environment.
- (2) The material offered under this BOA is not, in its present form, subject to EPA Hazardous Waste Regulations (40 CFR Part 260, et seq.) issued under the Resource Conservation and Recovery Act. However, it is possible that use of this material will lead to the creation of a hazardous waste. 40 CFR Part 260, et seq., details the responsibilities of generators, transporters, treaters, storers, and disposers of hazardous waste. Failure to comply with these regulations can lead to civil and criminal penalties.

- (3) The wood pallets or materials used to package the commodity sold under this BOA may have been treated with a wood preservative to protect it from insect attack and decay. These preservatives penetrate and remain in the wood for a long time and may pose certain hazards if precautions are not taken during the handling, use, and disposal of these treated wood products. Treated wood products should not be burned in open fires. Contractors are encouraged to seek advice on proper disposal from the local environmental protection agency.

END OF SECTION F

SECTION G – CONTRACT ADMINISTRATION DATA

G.1 Effective Period (MAR 11)

The term of this BOA shall be for a period of one year and shall be specified by the Contracting Officer at the time the BOA is executed by the Government. The BOA shall be in effect during this term unless withdrawn by the Government or superseded by another BOA.

G.2 Amendments and Modifications (MAR 11)

- a.** Changes in terms and conditions of this BOA shall be accomplished by written amendment only.
- b.** Changes in terms and conditions of any resulting contract shall be accomplished only by written modification signed by the Contracting Officer.

G.3 Title (JUL 02)

Title to the material shall pass to the Contractor after payment is received or the material is shipped, whichever occurs first.

G.4 Risk of Loss (JUL 02)

- a.** After the award of the contract and prior to receipt of payment for or shipment of the material, whichever occurs first, the Government shall be responsible for the care and protection of the material, and any loss, damage or destruction occurring during such time will be adjusted by the Government.
- b.** After receipt of payment but prior to either shipment or the end of the contract period, the Government shall be responsible only for the exercise of reasonable care for the protection of the material.
- c.** After shipment or the end of the contract period, whichever occurs first, all risk of loss, damage, or destruction from any cause whatsoever, shall be borne by the Contractor.

G.5 Limitation on Government's Liability (JAN 95)

- a.** Except as provided in paragraph **b.** in any case where liability of the Government to the contractor has been established, the measure of the Government's liability shall not exceed refund of whatever portion of the purchase price the Contractor has paid.
- b.** Where specifically authorized in writing by the Contracting Officer, the Contractor may recover reasonable costs of packing, loading, and transportation incurred in connection with return of material to the Government.

G.6 Protests (MAR 11)

- a. General.** Companies may file a protest over sales under this BOA with the –
- (1) Contracting Officer;
 - (2) Director, Directorate of Contracting, DLA Strategic Materials, for a decision at a level above the Contracting Officer.

Unless otherwise specified, protests will be presumed to be protests to the Contracting Officer.

b. Pre-Award Protests:

A protest by a company concerning the terms of this BOA Solicitation shall be filed before the company submits a completed BOA package as specified in Section B. Protests concerning the terms of any Request for Quotes hereunder shall be filed prior to the time set for receipt of Quotes.

c. Post-Award Protests:

Protests after award shall be filed not later than 10 calendar days after the basis of the protest is known or should have been known, whichever is earlier, except for protests challenging a sale under which a debriefing is requested and provided. In that situation, and where the basis was not known prior to the debriefing, the initial protest shall be filed not later than 10 calendar days after the date of the debriefing.

d. Service of Protest.

- (1) Protests seeking a decision by the Contracting Officer shall be served in writing at the following address and may be filed by mail, hand delivery, commercial delivery service, or facsimile:

ATTN: Directorate of Contracting
(Insert name of the Contracting Officer)
DLA Strategic Materials
8725 John J. Kingman Road, Suite 3229
Fort Belvoir, VA 22060-6223
Facsimile No.: (703) 767-5494 or (703) 767-5484

- (2) As an alternative to filing a protest with the Contracting Officer, Quoters may seek an independent review by filing an agency-level protest with the DLA Strategic Materials Director, Directorate of Contracting. This process allows for a higher level decision on the initial protest. It is not a review of a Contracting Officer's decision on a protest filed with the Contracting Officer. A protest seeking an agency-level decision should clearly state that it is an "Agency Level Protest Under Executive Order 12979." The protest shall be

served in writing at the following address and may be filed by mail, hand delivery, commercial delivery service, or facsimile:

ATTN: Director, Directorate of Contracting
DLA Strategic Materials
8725 John J. Kingman Road, Suite 3229
Fort Belvoir, VA 22060-6223
Facsimile No.: (703) 767-5494

G.7 Disputes (MAR 11)

- a.** This contract is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613).
- b.** Except as provided in the Act, all disputes arising under or relating to a contract entered into pursuant to this BOA shall be resolved under this clause.
- c.** "Claim," as used in this clause, means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to this contract. However, a written demand or written assertion by the Contractor seeking the payment of money exceeding \$100,000 is not a claim under the Act until certified. A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a claim under the Act. The submission may be converted to a claim under the Act, by complying with the submission and certification requirements of this clause, if it is disputed either as to liability or amount or is not acted upon in a reasonable time.
- d.** (1) A claim by the Contractor shall be made in writing and, unless otherwise stated in this contract, submitted within 6 years after accrual of the claim to the Contracting Officer for a written decision. A claim by the Government against the Contractor shall be subject to a written decision by the Contracting Officer.
 - (2) (i) The Contractor shall provide the certification specified in paragraph (d)(2)(iii) of this clause when submitting any claim exceeding \$100,000.
 - (ii) The certification requirement does not apply to issues in controversy that have not been submitted as all or part of a claim.
 - (iii) The certification shall state as follows: "I certify that the claim is made in good faith; that the supporting data are accurate and complete to the best of my knowledge and belief; that the amount requested accurately reflects the contract adjustment for which the Contractor believes the Government is liable; and that I am duly authorized to certify the claim on behalf of the Contractor."

- (3) The certification may be executed by any person duly authorized to bind the Contractor with respect to the claim.
- e. For Contractor claims of \$100,000 or less, the Contracting Officer must, if requested in writing by the Contractor, render a decision within 60 days of the request. For Contractor-certified claims over \$100,000, the Contracting Officer must, within 60 days, decide the claim or notify the Contractor of the date by which the decision will be made.
- f. The Contracting Officer's decision shall be final unless the Contractor appeals or files a suit as provided in the Act.
- g. If the claim by the Contractor is submitted to the Contracting Officer or a claim by the Government is presented to the Contractor, the parties, by mutual consent, may agree to use alternative dispute resolution (ADR). If the Contractor refuses an offer for ADR, the Contractor shall inform the Contracting Officer, in writing, of the Contractor's specific reasons for rejecting the offer.
- h. The Government shall pay interest on the amount found due and unpaid from (1) the date the Contracting Officer receives the claim (certified, if required); or (2) the date payment otherwise would be due, if that date is later, until the date of payment. Simple interest on claims shall be paid at the rate, fixed by the Secretary of the Treasury as provided in the Act, which is applicable to the period during which the Contracting Officer receives the claim and then at the rate applicable for each 6-month period as fixed by the Treasury Secretary during the pendency of the claim.
- i. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer.

G.8 Default (AUG 09)

- a. (1) The Government may, by written notice of default to the Contractor, terminate this contract in whole or in part if the Contractor fails to –
 - (i) Make payment and remove the material within the time specified in this contract or any extension;
 - (ii) Remove the material within the time specified in this contract whether or not payment has been made;
 - (iii) Make progress, so as to endanger performance of this contract; or
 - (iv) Perform any of the other provisions of this contract.
- (2) The Government's right to terminate this contract under a.(1)(iii) and a.(1)(iv) above, may be exercised if the Contractor does not cure such failure within 10 days

(or more if authorized in writing by the Contracting Officer) after receipt of the notice from the Contracting Officer specifying the failure. Upon the Contractor's failure to cure such default within that period (or such further period as the Contracting Officer may allow), the Contractor shall lose all right, title and interest which it might otherwise have acquired in and to the material as to which a default has occurred.

(3) If at any time prior to the expiration of this contract, the Contractor makes it clear either by words, actions, or circumstances, that the Contractor is unwilling or unable to perform under this contract, the Government shall not be required to furnish the Contractor notice specifying the failure under this contract prior to exercising its right to terminate this contract for default and seek damages.

- b. If the contract is terminated, the Contractor could be held liable for damages resulting from the resale of the material, as described below. The Contractor may also be liable for additional charges including, not limited to: interest, storage charges, penalty charges, consideration fees, and administrative charges relating to the termination.
- c. If the Government terminates the contract for default, it may subsequently resell the material for the Contractor's account, under the terms and in the manner the Contracting Officer considers appropriate, and assess the Contractor the difference between the contract price and the price obtained on resale. In no event will the Contractor be refunded any money if the Government obtains a greater price on resale, nor will an accounting of money be made until resale is complete. In the event that the Government does not resell the material within 12 months, the Contractor may be held liable for the full contract price for the quantity of material on which the default has occurred.
- d. If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Government.
- e. The rights and remedies of the Government in this clause are in addition to any other rights and remedies provided by law or under this contract.

G.9 Applicable Law for Breach of Contract Claim (JUL 06)

United States law will apply to resolve any claim of breach of this contract.

G.10 Bankruptcy (JAN 07)

In the event the contractor enters into proceedings relating to bankruptcy, whether voluntary or involuntary, the contractor agrees to furnish, by certified mail or electronic commerce method authorized by the contract, written notification of the bankruptcy to the contracting officer responsible for administering the contract. This notification shall be furnished within five days of the initiation of the proceedings relating to bankruptcy

filing. This notification shall include the date on which the bankruptcy petition was filed and the identity of the court in which the bankruptcy petition was filed.

G.11 Termination for Convenience of the Government (DEC 97)

- a.** The Contracting Officer, by written notice, may terminate this contract, in whole or in part, when it is in the Government's interest. If this contract is terminated, the Government shall only be liable for actual costs incurred by the Contractor before the effective date of termination.
- b.** If a bona fide requirement for the material develops or exists prior to removal of the material from Government control, the Government may withdraw that material from the sale. In the event of a withdrawal under this condition, the Government shall be liable only for the refund of the contract price of the withdrawn material or such portion of the contract price as it may have received plus simple interest at the rate established by the Secretary of the Treasury.

G.12 Excusable Delays (DEC 07)

- a.** In the event either party should be prevented from performing under this contract by reason of any unforeseeable cause beyond its control and without its fault or negligence, including, but not restricted to, acts of God or of the public enemy, sovereign acts of the United States, acts of a foreign Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes and unusually severe weather, performance under the contract shall be suspended in whole or in part until the cause ceases to exist and thereafter the time for fulfillment of the contract shall be extended by the length of time during which the cause prevented performance under the contract.
- b.** The Contracting Officer shall make a written determination that an excusable delay condition exists.
- c.** This section shall also apply to an excusable delay condition that prevents delivery at a consignee's plant if –
 - (1) the delay meets the criteria in paragraph **a.** above; and
 - (2) the identity of the consignee is known to the Government prior to commencement of the excusable delay condition.
- d.** The Contractor shall notify the Contracting Officer, in writing, of the nature and extent of the excusable delay condition promptly after the commencement thereof, but in any event prior to outloading of the material from the storage location from which it is to be shipped. The Contractor shall notify the Contracting Officer, in writing, within ten (10) calendar days when the excusable delay condition ceases to exist.

G.13 Setoff of Funds (MAY 04)

The Contractor agrees that the Government may use all or a portion of any monies received by Government to satisfy, in whole or in part, any debt (e.g. delinquent payments, interest, penalty charges, administrative charges, or storage charges), arising out of this or any other transaction.

G.14 Indemnification Agreement (JAN 02)

The Contractor shall save and hold harmless and indemnify the Government against any and all liabilities, claims, and costs of any kind and nature for injury to or death of any person or persons and for loss or damage to any property (Government or otherwise) occurring in conjunction with or in any way incident to or arising out of the occupancy, use, service, operations, or performance of work resulting from the acts or omissions of the Contractor, Contractor's employees, or any person subject to the Contractor's control in connection with the contract. Whether due to negligence or not of the Contractor, the Contractor agrees to reimburse the United States for any legal expenses (including salaries of attorneys) incurred by the United States in defending any and all claims or suits against the United States, whether well-founded or not, in any way whatsoever alleged to have arisen from the acts or omissions of the Contractor, Contractor's employees, or any person subject to the Contractor's control.

G.15 Covenant Against Contingent Fees (JAN 95)

- a.** The Contractor warrants that no person or agency has been employed or retained to solicit or obtain this contract upon an agreement or understanding for a contingent fee, except a bona fide employee or agency. For breach or violation of this warranty, the Government shall have the right to annul this contract without liability or, in its discretion, to add to the contract price or consideration, or otherwise recover, the full amount of the contingent fee.
- b.** "Bona fide agency," as used in this paragraph, means an established commercial or selling agency, maintained by a Contractor for the purpose of securing business, that neither exerts nor proposes to exert improper influence to solicit or obtain Government contracts nor holds itself out as being able to obtain any Government contract or contracts through improper influence.
- c.** "Bona fide employee," as used in the paragraph, means a person, employed by a Contractor and subject to the Contractor's supervision and control as to time, place, and manner of performance, who neither exerts nor proposes to exert improper influence to solicit or obtain Government contracts nor holds out as being able to obtain any Government contract or contracts through improper influence.
- d.** "Contingent fee," as used in this paragraph, means any commission, percentage, brokerage, or other fee that is contingent upon the success that a person or concern has in securing a Government contract.

- e. “Improper influence,” as used in this paragraph, means any influence that induces or tends to induce a Government employee or office to give consideration or to act regarding a Government contract on any basis other than the merits of the matter.

I.4 Certification Regarding Responsibility Matters (APR 10)

(a)(1) The Offeror certifies, to the best of its knowledge and belief, that—

- (i) The Offeror and/or any of its Principals—
 - (A) Are are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
 - (B) Have have not , within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;
 - (C) Are are not presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision;
 - (D) Have , have not , within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.
 - (1) Federal taxes are considered delinquent if both of the following criteria apply:
 - (i) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.
 - (ii) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.
 - (2) *Examples.*
 - (i) The taxpayer has received a statutory notice of deficiency, under I.R.C. § 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this

will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

- (ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. § 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
 - (iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. § 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.
 - (iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
- (ii) The Offeror has has not , within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.
- (2) "Principal," for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (*e.g.*, general manager; plant manager; head of a division or business segment; and similar positions).

This Certification Concerns a Matter Within the Jurisdiction of an Agency of the United States and the Making of a False, Fictitious, or Fraudulent Certification May Render the Maker Subject to Prosecution Under Section 1001, Title 18, United States Code.

- (b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

- (d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this Basic Ordering Agreement for default.

I.9 Disputes: Agreement to Use Alternative Dispute Resolution (JUL 06)

- a.** The parties agree to negotiate with each other to try to resolve any disputes that may arise. If unassisted negotiations are unsuccessful, the parties will use alternative dispute resolution (ADR) techniques to try to resolve the dispute. Litigation will only be considered as a last resort when ADR is unsuccessful or has been documented by the party rejecting ADR to be inappropriate for resolving the dispute.
- b.** Before either party determines ADR inappropriate, that party must discuss the use of ADR with the other party. The documentation rejecting ADR must be signed by an official authorized to bind the contractor, or, for the Agency, by the contracting officer, and approved at a level above the contracting officer after consultation with the ADR Specialist and with legal counsel. Contractor personnel are also encouraged to include the ADR Specialist in their discussions with the contracting officer before determining ADR to be inappropriate.
- c.** If you wish to opt out of this clause, check here (). Alternate wording may be negotiated with the contracting officer.
