STOCKPILE ISSUES FERROCHROMIUM AMENDMENT

Fort Belvoir, VA - The Defense National Stockpile Center recently announced that Amendment No. 010 to Solicitation of Offers, DLA-FERROCHROMIUM-004, BASIC ORDERING AGREEMENT (BOA) FOR FERROCHROMIUM has been posted to the DNSC web site. This amendment adds three piles to the high carbon ferrochromium shopping list totaling approximately 56,264 short tons (112,528,960 pounds) at Sharonville, OH. Customers are encouraged to sample this material before it is offered for sale.

For copies of the amendment which adds material to the shopping list, material analysis, and storage locations please visit our web site: <https://www.dnsc.dla.mil>.
