STOCKPILE ANNOUNCES HIGH CARBON FERROCHROMIUM CHANGE

Fort Belvoir, VA - In response to market demands, the Defense National Stockpile Center (DNSC) today announced an increase in the maximum quantity of high carbon ferrochromium that can be awarded during Fiscal Year 2003. Based on current market conditions and customer demand, the DNSC is now increasing its sales ceiling to a maximum annual quantity of 70,000 ST. The actual quantity of high carbon ferrochromium that will be offered and awarded by the DNSC is subject to market conditions.
