## STOCKPILE ISSUES FERROCHROMIUM AMENDMENT

Fort Belvoir, VA - The Defense National Stockpile Center recently announced that Amendment No. 013 to Solicitation of Offers, DLA-FERROCHROMIUM-004, BASIC ORDERING AGREEMENT (BOA) FOR FERROCHROMIUM has been posted to the DNSC web site. This amendment adds Baltimore, MD material to the shopping list for the remainder of Fiscal Year 2004 and Fiscal Year 2005, which consists of 16 piles of high carbon ferrochromium.

This amendment also adds Belle Mead, NJ material for Fiscal Years 2004 and 2005, which consists of two piles of low carbon ferrochromium.

Customers are encouraged to sample the high and low carbon ferrochromium material before it is offered for sale.

Finally added to the shopping list is a pile of approximately 11 short tons (21,641 pounds) of low carbon ferrochromium at Sharonville, OH. Because this is only one-half a truckload quantity, a lower unit price would be expected.

For additional information please visit our website <https://www.dnsc.dla.mil>. For other inquiries call K. Watt Lough at (703) 767-5402.
