AMENDMENT NO. 011 TO
SOLICITATION OF OFFERS FOR ANTIMONY
UNDER DLA-ANTIMONY-002

The above referenced Solicitation for the sale of Antimony is hereby amended to identify the next offering date, to update the listing of material available for sale, and to outline acceptable offer pricing.

1. Amendment No. 009 and 010 are hereby deleted in their entirety.
2. DELETE: Section A – SOLICITATION, A.1 Introduction (JAN 95) and replace with the following: a. The Defense Logistics Agency (DLA), Defense National Stockpile Center (DNSC), is soliciting offers for the sale of approximately 1,007,908 pounds of Antimony in Fiscal Year 2003. There shall be subsequent offerings every other month on the first Thursday of the month until all material is sold.
3. The next offering will be held on December 5, 2002 at 1:00 PM, local time, Ft. Belvoir, VA. In the event a day scheduled for receipt of offers is a holiday or DNSC is otherwise closed at the time set for opening of offers, offers for that day will be received at 1:00 PM, local time, Ft. Belvoir, VA on the next DNSC business day.
4. The attached **Section I.2 ITEM OFFER PAGE – DLA-ANTIMONY-002 (NOV 02)** replaces all previous **Sections I.2 ITEM OFFER PAGES DLA-ANTIMONY-002** with an updated listing of material available for sale. All references in the Solicitation to Section I.2 are hereby updated accordingly.
5. Section J.1 ANALYSES OF MATERIAL is not changed. Section J.1 can be accessed at the DNSC Web Site – <https://www.dnsc.dla.mil>.
6. Add paragraph: **B.13 UNIT PRICING (NOV 02)**
 - a. Offerors may submit a fixed price or formula price offer.
 - b. The contract period on fixed price offers for a quantity of 400,000 LBS or less shall not exceed 45 days.
 - c. A fixed price must be used for an entire line item.
 - d. A formula price shall be submitted for any quantity over 400,001 LBS. The contract period shall not exceed 270 days.

November 21, 2002

e. Formula priced offers shall be based on a set of published price quotations as set forth below. The formula selected must be used for an entire line item. Offerors shall use the following guidelines when submitting a formula price.

(1) A pricing formula shall only be stated either as a percentage of the base price or as a base price plus (or minus) a specified premium (or discount).

(2) The base price in a formula shall be determined by the average of the four consecutive weeks (Monday through Friday) of published low quotations for antimony immediately prior to the pricing date. Only prices that have been published will be used in calculating the average. The average will be calculated by adding all the published prices and dividing by the number of prices that were published during the prior four consecutive weeks.

(3) The pricing date shall be the date the Contractor's shipping instructions for a quantity of material are received by the Government. Shipping instructions must contain all of the information specified in Section **F.1.b.** or they will not be accepted by the Government or used for pricing the material. The form to be used for submission of this information may be found at Section **J.3 Shipping Instructions.**

(4) The published quotations which establish the base price for a pricing formula shall be from only one of the following publications: Metal Bulletin, Platts Metals Week or Ryan's Notes.

(5) Pricing of antimony shall be by the methodology contained in this section. Also see Section B.7 Evaluation of Offers.

7. Offerors shall acknowledge receipt of this Amendment by signing in the space provided below and returning this form along with their offer:
