2001

AMENDMENT NO. 005
TO DLA-FERROCHROMIUM SILICON-001
(FORMERLY DLA-FERROCHROMIUM-003)
SOLICITATION OF OFFERS
FOR STOCKPILE FERROCHROMIUM

The above referenced Solicitation for the sale of Ferrochromium is hereby amended to rename the solicitation, state the next offering date, update the listing of available material, revise terms as stated herein, and identify what certifications must be submitted with each offer:

1. The solicitation is hereby renamed DLA-FERROCHROMIUM SILICON-001. Accordingly, every prior reference in the solicitation and all amendments to DLA-FERROCHROMIUM-003 now reference DLA-FERROCHROMIUM SILICON-001.
2. Amendments 001, 002, and 003 remain in effect. By signing this amendment, the offeror confirms acceptance (except as otherwise expressed in its offer) of this Amendment 005 and Amendments 001 through 003 as well as the basic solicitation. Amendment 004 is hereby deleted.
3. Delete all references to Low and High Carbon Ferrochromium from the basic solicitation and from Amendments 001 through 003.
4. The next offering time and date will be **2:30 PM, local time, Ft. Belvoir, VA, Thursday, November 15, 2001**. Accordingly, paragraph a. of Section **A.1 Introduction (JUN 01)** is revised as follows:

A.1 Introduction (OCT 01)

- a. The Defense Logistics Agency (DLA), Defense National Stockpile Center (DNSC), is soliciting offers for the sale of approximately **5,804,214 pounds (LB)** of ferrochromium silicon stored in drums for one or more contracts with a contract period of up to 360 calendar days (see section **E.1.**). The offering will be held on **Thursday, November 15, 2001 at 2:30 PM local time, Ft. Belvoir, VA**. Offers must be received at the address in Section **B.2.a.** by 2:30 PM, local time, Ft. Belvoir, VA. In the event that DNSC is closed at that time, offers for that day will be received at 2:30 PM, local time, Ft. Belvoir, VA, on the next DNSC business day.
5. Section **B.4 Pricing for Ferrochromium (JUN 01)** is deleted in its entirety and the following Section **B.4 Pricing for Ferrochromium Silicon (OCT 01)** is substituted therefor.

B.4 Pricing for Ferrochromium Silicon (OCT 01)

- a. Prices for ferrochromium silicon shall be expressed on a bulk weight basis. However, in the event the material is sampled and analyzed by a DNSC approved sampler, the following testing and price adjustment methodology, using the Publication chosen by the Contractor in accordance with Section **B.6** and accepted by the Government, will apply to the material as indicated:

For Ferrochromium Silicon, test for Chromium (Cr), Carbon (C) and Silicon (Si) for final payment purposes. As the Government's pricing formula has the assumption that there is an equal (40/40) split for 60 to 65% High Carbon Ferrochromium and 75% Ferrosilicon, the actual percentages of Cr and Si as reflected in the Contractor's analysis will be used for final pricing of the Ferrochromium Silicon unless the Contractor waives sampling and the Government's analysis is used for the final payment adjustment. However, for C price adjustments, the delta between the .10% and .15% published prices for Low Carbon Ferrochromium will be used for price adjustments. Adjustment will be on a proportional (using the 0.05% difference in the postings as the denominator) basis times the delta based upon the amount of C stated in Section J.1 of the solicitation/contract. For Example: If the Government's analysis indicates 0.03% and the actual analysis indicates 0.12% and the delta between the postings is \$0.00578, the adjustment factor would be \$0.002312/LB (.12 % - .10 % = .02% or .02/.05 times the delta).

- b. Offers for ferrochromium silicon may be expressed on a fixed price basis only if the requested contract period does not exceed 90 calendar days.
 - c. Formula prices are acceptable for any length contract period.
 - d. For formula based contracts, final price adjustments, as indicated in paragraph a., above, shall be finalized and completed after the last release under the contract. Therefore, a single debit or credit under the contract shall be processed during the closeout process. Billing for each individual shipment shall be based upon the price determined at the time of the corresponding release.
6. All (in the index and the body of the solicitation) previous references to "Section **I.2 Item Offer Page – DLA-FERROCHROMIUM-003**," "Section **J.1 Ferrochromium Available for Sale**," and "Section **J.2 Storage Locations**" are deleted and the references "Section **I.2 Item Offer Page – DLA-FERROCHROMIUM SILICON-001 (NOV 01)**," "Section **J.1 Ferrochromium Available for Sale (NOV 01)**," and "Section **J.2 Storage Locations (OCT 01)**" are inserted therefor.
 7. All previous Sections **I.2 Item Offer Page – DLA-FERROCHROMIUM-003 (JUL 01)**, **J.1 Ferrochromium Available for Sale (JUL 01)**, **J.2 Storage Locations (JAN 01)** are deleted and the attached Sections **I.2 Item Offer Page – DLA-FERROCHROMIUM SILICON-001 (NOV 01)**, **J.1 Ferrochromium Available for Sale (NOV 01)**, and **J.2 Storage Locations (OCT 01)** are inserted therefor.

8. Offerors shall acknowledge receipt of this Amendment by signing in the space provided below and returning this form and the following **“Submittals for Negotiated Offers”** found by clicking the “Getting Started” tab at the DNSC homepage on <https://www.dnsc.dla.mil>: Sections **I.1 Sale of Government Property Negotiated Sales Contract (JAN 01)**, **I.3 Certificate of Independent Price Determination (JAN 01)** and **I.4 Certification Regarding Debarment, Suspension, Proposed Debarment, Environmental Compliance and Other Responsibility Matters (JAN 01)** along with your offer on Section **I.2 ITEM OFFER PAGE – DLA-FERROCHROMIUM SILICON-001 (NOV 01)** to:

Attn: DNSC-XO/Bid Custodian
Defense National Stockpile Center (DNSC)
8725 John J. Kingman Road,
Suite 4616 (Mail) or Suite 4528 (Hand delivered)
Fort Belvoir, VA 22060-6223
Facsimile No. (703) 767-5541

Failure to acknowledge receipt of the Amendment may result in the offeror being ineligible for award. Except as provided herein, all other terms and conditions of DLA-FERROCHROMIUM SILICON-001 (formerly DLA-FERROCHROMIUM-003) including Amendments 001, 002, and 003 remain unchanged and in full force and effect. **Note** to all potential offerors under DNSC sales solicitations: If you have not sent your annual certifications and representations for all DNSC sales, please fax them immediately. These can also be found on the DNSC homepage as **“Certs & Reps.”**

The index and the solicitation are hereby revised to reflect the latest editions and corresponding section numbers of all certification and representation clauses.
