AMENDMENT NO. 002
TO DLA-FERROCHROMIUM-003
TO SOLICITATION OF OFFERS
FOR STOCKPILE FERROCHROMIUM

The above referenced Solicitation for the sale of Ferrochromium is hereby amended to state the next offering date, update the listing of available material, revise terms as stated herein, and identify what certifications must be submitted with each offer:

1. Amendment 001 remains in effect.
2. The next offering time and date will be **2:00 PM, local time, Ft. Belvoir, VA, Thursday, May 3, 2001**. Accordingly, paragraph a. of Section **A.1 Introduction (JAN 01)** is revised as follows:

A.1 Introduction (MAY 01)

- a. The Defense Logistics Agency (DLA), Defense National Stockpile Center (DNSC), is soliciting offers for the sale of approximately 13,827,860 pounds (LBS) of low carbon ferrochromium or 9,929,639 LBS contained Chromium (Cr) stored in drums for one or more contracts with a contract period of up to 360 calendar days (see section **E.1**). The offering will be held on **Thursday, May 3, 2001, at 2:00 PM local time, Ft. Belvoir, VA**. Offers must be received at the address in Section **B.2.a**. by 2:00 PM, local time, Ft. Belvoir, VA. In the event that DNSC is closed at that time, offers for that day will be received at 2:00 PM, local time, Ft. Belvoir, VA, on the next DNSC business day.
3. At Section **B.4 Pricing for Ferrochromium (JAN 01)**, revise the title to: **B.4 Pricing for Ferrochromium (MAY 01)** and delete paragraph a. and substitute the following paragraph a.:
 - a. Prices for high and low carbon ferrochromium shall be expressed on the basis of chromium content. Prices for ferrochromium silicon shall be expressed on a bulk weight basis. However, in the event the material is sampled and analyzed by a DNSC approved sampler, the following testing and price adjustment methodology will apply to the material as indicated:

For Low Carbon Ferrochromium, test for Contained Chromium (Cr) and Carbon (C) only. Price will be paid based upon contained Chromium using the market indicator reflective of the C content. If C is equal to or less than 0.050%, then the published price for 0.05% Low Carbon Ferrochromium will be used for determining price (apply contractual discount to this published price). If C is greater than 0.050% but equal to or less than 0.100%, then the published price for 0.10% Low Carbon Ferrochromium will be used for determining price (apply contractual discount to this published price). If C is greater than 0.100% but equal to or less than 0.150%, then the published price for 0.15% Low Carbon Ferrochromium will be used for determining

price (apply contractual discount to this published price) unless the published price for 0.15% is higher than the published price for 0.10%. In such cases where C is greater than 0.100% but does not exceed 0.150% and the published price of 0.15% is higher than the published price for 0.10%, use the published price for 0.10% for determining price but add an additional \$0.01 /per pound to the contractual discount to calculate the final adjusted price for the material.

4. **Section B.7 Late Submissions, Modifications, and Withdrawals of Offers (MAR 98)** is hereby deleted and replaced with **B.7 Late Submissions, Modifications, and Withdrawals of Offers (NOV 00)** as shown below:

B.7 Late Submissions, Modifications, and Withdrawals of Offers (NOV 00)

- a. Offerors are responsible for submitting offers, and any revisions, and modifications, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. Offerors may use any transmission method authorized by the solicitation (i.e., regular mail, electronic commerce or facsimile).
- b. (1) Any offer, modification, or revision, that is received at the designated Government office after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the sale and—
 - (i) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or
 - (ii) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or
 - (iii) It was the only offer received.

(2) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.
- c. Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of the installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.
- d. If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.
- e. Offers may be withdrawn by written notice at any time before award. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before award. Offers

may be withdrawn in person by an offeror or an authorized representative, if the identity of the person requesting withdrawal is established and the person signs a receipt for the offer before award.

- f. Offerors may submit modifications to their offer at any time before closing date and time, and may submit modifications in response to an amendment, or to correct a mistake at any time before award.
 - g. The Contracting Officer must promptly notify any offeror if its offer, modification, or revision was received late, and must inform the offeror whether its offer will be considered, unless contract award is imminent.
5. At Section **F.9 Sampling of Material after Award (JAN 01)**, which was added by Amendment 001, revise the date to **(MAY 01)** and delete the last two sentences of paragraph b. regarding rounding to two and/or three decimal places.
 6. All (in the index and the body of the solicitation) previous references to "Section **I.2 Item Offer Page – DLA-FERROCHROMIUM-003**," and "Section **J.1 Ferrochromium Available for Sale**" are deleted and the references "**Section I.2 Item Offer Page – DLA-FERROCHROMIUM-003 (MAY 01)**" and "**Section J.1 Ferrochromium Available for Sale (MAY 01)**" are inserted therefor.
 7. All previous Sections **I.2 Item Offer Page – DLA-FERROCHROMIUM-003 (JAN 01)** and **J.1 Ferrochromium Available for Sale (JAN 01)** are deleted and the attached Sections **I.2 Item Offer Page – DLA-FERROCHROMIUM-003 (MAY 01)** and **J.1 Ferrochromium Available for Sale (MAY 01)** are inserted therefor.
 8. Offerors shall acknowledge receipt of this Amendment by signing in the space provided below and returning this form and the following "**Submittals for Negotiated Offers**" found at the DNSC homepage on <http://www.dnsc.dla.mil>: Sections **I.1 Sale of Government Property Negotiated Sales Contract**, **I.3 Certificate of Independent Price Determination (JAN 01)** and **I.4 Certification Regarding Debarment, Suspension, Proposed Debarment, Environmental Compliance and Other Responsibility Matters (JAN 01)** along with your offer on Section **I.2 ITEM OFFER PAGE – DLA-FERROCHROMIUM-003 (MAY 01)** to:
